January 13, 2023 · 🌐

Devra is a complete control freak, she manipulates everyone around her and tries to control every word that gets put into the community about her. She uses her victims as part of a makeshift public relations campaign to prop herself up as the almighty, great illuminated, enlightened one of our time 🤔

The world can do without Devra West and Sedona is not interested in having her here.

Sedona's failed cult Leader. Maybe we should team her up with all the other global leaders and they can argue amongst themselves as to who is really the supreme enlightened being.

Bentinho can move mountains surely he is more powerful!

### Psychopaths Lack Remorse

A psychopath is not concerned about how their actions affect others. They may forget about anything that has caused someone pain, or they may assert that others are being overly sensitive when their feelings are wounded. Psychopaths do not feel guilty about bringing others suffering, they frequently make excuses for their actions and blame others.

### Empathy Deficiency

Psychopaths struggle to understand why others are fearful, sad, or anxious. It just doesn't make sense to them since they can't read people. A psychopath is entirely unconcerned about those who are in pain, even if they are close friends or family members.

### Parasitic Way of Life

Psychopaths may have sob tales about their inability to earn money, or they may frequently report being abused by others. Then they take advantage of the kindness of others by depending on them financially. A psychopath utilises people to obtain what they want regardless of how the

on them financially. A psychopath abuses people to obtain what they want, regardless of how the other person feels or their needs.

Cult leaders are usually psychopaths.

#### Criminal Flexibility

Psychopaths typically consider norms as suggestions, and laws as constraints that limit their freedom. Their illicit activities can be fairly diverse. Driving infractions, financial fraud, and violent acts are just a few of the crimes that a psychopath may commit.

#### Treatment

One way of dealing with psychopaths is to punish them, reprimand them, and have a legal line of action. Psychopaths don't feel empathy, remorse or guilt so they aren't capable of changing.

Devra West has had no source of income other than bamboozling people into believing she is the Rishi of the western hemisphere and other nonsense. Her last donor who previously gave her vast sums of money to live a lavish lifestyle, dumped her two years ago; he left her without a source of income.

Devra has tried to reinvent herself by using her new website to sign people up for courses. She also had to downsize her grandiose living after her eviction and move into a normal condo like a regular person. When Devra was asked why one single, older woman needed a large mansion, her reply was her soul was so big she required a large house.

The Rishi Devra West Investigation

February 15, 2023 · 🌐

Bullshit alert, Devra is not married to Jack West, he is her ex husband. Devra is not financially sound, she was evicted from Back o Beyond, the case number and information is on [rishidevrapatttonwest.com](http://rishidevrapatttonwest.com)

DEVRA WEST CURRENT EVICTION SEDONA, AZ 2021:  
2021 Yavapai County, Arizona eviction case number:  
Devra West Case Number: V-1300-CV-202180182  
Title: WESTERMAN PROPERTIES, LLC vs. DEVRA WEST

Devra is living off an ill gotten Paycheck Protection Loan.  
Devra has a criminal record for assault and writing a bad check for \$6,500,000.00 to Robert and Tabby Ivy in Flathead Lake, MT, for their home which she coveted for years and illegally used in her brochures as if it were hers! The Ivy's finally relented and said ok fine buy the house, but of course Devra couldn't afford 6.5 million dollars. Devra has a long string of foreclosures and evictions.

Devra's occupation is Rishi of the western hemisphere, aka "enlightened being."  
The best thing for Sedona is that Devra leaves. No one wants her here except Lalita.

mandate, she is schooled in esoteric studies, such as conjuring and coraing and she lets entities work through her.

Devra is gifted in copy writing, she writes all of her own material and social media posts and then has Lalita post them for her. Devra targets wealthy communities like Sedona and San Diego in search of new prey.

Does this sound familiar? It is indeed sad when people are brainwashed by one of the many cult leaders in the United States and their victims cannot see it. Instead they cling to a morsel of hope that that didn't waste their lives and get taken advantage of by a criminal narcissist.

"(The followers) become reliant and they believe what they're told, and when they're told they can reach a different level of spiritual connectedness or whatever, sometimes these things lead to one

person taking advantage of another," she said.

I have a question for followers of alleged enlightened master beings, (there are 5,000 of them in this country.) how is it that you are so indulgent in your ego to see yourself as the "chosen one" and believe that everyone else is wrong and can't see the truth?

What makes you think you are smarter or more spiritually aware than everyone else? In fact others are far more intelligent, more successful in their personal lives, more successful in their business life, more educated and more advanced spiritually. None of these people are following pathetic wannabe failed cult leaders. None of the successful people would pay a cult leader \$120,000 to be enlightened and none of the people are so insecure and wanting to be somebody that they will grovel at the feet of a criminal thinking they will

"SPIRITUAL" RED FLAGS TO WATCH FOR (AND THEIR MEANINGS):

1: To 'hold space' for someone = To sit and stare at someone with emotional issues for an uncomfortable amount of time, then pat yourself on the back for basically doing nothing while your homie has a breakdown.

2: I'm in transition = I'm unemployed and totally fucking lost, so I have created an identity out of being an opportunist. Maybe you have some trim work for me or food? Or a trade? I do crystal readings!

3: I'm processing a lot of downloads from the Universe = I smoked too much DMT and can't afford therapy. By pretending that my fragile brain is a sacred record keeper, I receive validation for speaking gibberish.

4: I'm a lightworker/empath = I am depressed and unstable and take zero responsibility for my own self-destructive tendencies, and need to focus on condescending your dark shit to avoid my own. (PS: I'll diagnose you as a narcissist)

5: I am a Reiki Master= I crave human contact, And this makes me feel less insecure than Tinder. I can cross personal physical boundaries with ease if I so choose, depending on what my client looks like, or I can think about random things while getting paid handsomely to hold my hands awkwardly over someone's body.

6: You have an amazing Aura = I would love to hand you

6: You have an amazing aura = I would love to bang you.

7: I am writing a travel blog = I don't want to go home, I no longer fit in: I never have. I don't know where I will end up, but I'd like to get paid to figure it out.

8: I'm not looking for a relationship/ only deep soul connections = I have commitment issues and fear of intimacy so I collect partners with compatible insecurities. I understand you will head off to Thailand soon anyways. "Bread-crumbing my love keeps me safe" is my mantra, while I dip my dick like a candlestick in every Shanti ratchet priestess in town.

9: 'Inner Goddess Within' workshops = An understanding of daddy Issues and a way to overdevelop the masculine side to protect the little girl within. Helping participants to surrender to the bias that all men are shit ( all of this for a nominal fee). The level 2 masterclass will teach you how to galactivate your man's scrotum chakra enough to make him forget that you pay for bullshit workshops with his harvest money.

10: A guru = Someone who has overstepped the threshold of self-development into supreme egotism and found a niche market. Carries a flute and has a name you can't pronounce (though his driver's license says Steve) and chants words he doesn't understand. But interesting tattoos...right?

11. A shaman = see above.

12: Worshipping the Beloved = Classic scenario where a cluster B personality type convinces you at a festival that you are their twin flame, lost for centuries in the ether. If you have never been loved by your primary caregivers, this is paradise on earth as your fear of abandonment gets spanked with a mala on the magical, mystery tour of self-deception.

13: In the flow = I never commit to anything, especially plans to do anything with anyone, so that I can completely flake out and not take any responsibility for it; i.e., I didn't pay my phone bill this month.

14: Co-creating a retreat/gathering = my borderline personality friends and I have exhausted all other means of making an honest income, and have decided instead to use our social media clout (aka naked buttcheeks) to radically overcharge a too-large group of saps for 2-14 days of mediocre vegan food, awkward group encounters, and real-world-style sexual politics.

15; Substance Free Event = Powder drugs are fine but if you bring alcohol, we'll judge the shit out of you. Tobacco's cool if you snort it and call it "ceremony" or roll your own.

16: Speaking My Truth = I reserve the right to be an asshole in this conversation and you must honour it, regardless of how deep my delusion may be. I'll probably use this phrase every time I don't want to be called out for my phone bullshit, because it's all perspective man...

The cult member.

Sent her husband an email claiming she wanted a divorce and referenced her attorney by name. The email also contained a statement that her husband Nicholas Roberts owes Rishi Devra Patton West \$14,000,000. dollars for the year and a half he spent around Devra working for free and shoveling money to her.

Lalita furthers makes claims to the community that Devra is a high integrity woman and she personally attests to this fact. 🙄 yeah this all makes perfect sense. Lalita is now homeless thanks to following Devra, Lalita has no car, no job and works for free serving her master Devra. Lalita was told by Devra that she will become a world leader and a priestess if she waits on Devra hand and foot.

Devra is living off a PPP loan that she has kept for her sole benefit. Lalita gave Devra everything she and her mother had.

What happens when the old woman who sold her soul is no longer a suitable vessel to host entities? We can see her usefulness is coming to an end. The entities can't get much from her anymore so they aren't giving much either. If you aren't useful you certainly don't deserve money. There are 5,000 wannabe cult leaders and untold black magicians. Does anyone need Devra West? I think not.

Signs rejecting Devra West around the Sedona area. It is really shocking that this woman believed she could get away with charging people tens or hundreds of thousands of dollars to be enlightened. It worked once upon a time before there was an internet, before there were documentaries and movies and book about cults. When people were more gullible. These days this kind of spiritual fraud is less likely to attract big dollars. Sedona is particularly disgusted with the fake guru scam. Devra should move to greener pastures. Maybe Arkansas?

The Sedona Area Homeless Alliance is no longer a non-profit. The State of Arizona dissolved its non-profit entity on October 15, 2021. The IRS reinstated their revoked determination letter dated August 2021, and it was issued two months before their entity was dissolved by the State of Arizona. SAHA was incorporated in 2018 and filed tax returns for the year 2020, filed in 2021 only. Missing are the tax years 2018, 2019, 2021, and 2022. A dissolved entity no longer exists in any legal capacity; therefore, it cannot issue tax-deductible receipts to its donors. Laurie Moore is misrepresenting herself as a registered nonprofit. The IRS determination letter is issued for a revoked corporation.

How Devra Patton West manipulates innocent spiritual seekers.

Rishi's Con Job Letter to Dr. Julio Williams Exposed

Devra Patton West uses and abuses others whenever she sees the opportunity, as was the case when Devra used Heidi in her continued ploy to drain Dr. Julio Williams life savings.

Shortly after Devra relocated from Carefree to Sedona, a local twin flame couple known as Heidi & Harrison, meet Devra West and Dr. Williams.

Devra was seeking a new residence and facility potentially funded by Dr. Julio Williams, to hold her meditation gathering.

Heidi and Harrison had the perfect place, a large property and estate. They were considering to make the property available to Devra who was using the doctor to make herself look respectable.

Within approximately a month's time, Devra's dark ploy to separate them from each other and seize their joint estate didn't work out as she had intended. Devra initially cunningly pandered to their spiritual ego's, as she placed both Heidi and Harrison on a pedestal, told them they were a special power couple, and they would become pillars within the community.

As Devra cunningly pandered to their spiritual ego's, she convinced Heidi to come and stay with her at her current residence which she called the "Abode of the Masters," for 7 days.

During this time Devra told Heidi that she would bring her to the fourth stage of enlightenment for the fee of \$120,000; in conjunction, with Heidi serving her hand and foot as her personal care giver, cook and servant.

During the 7 days Heidi was in Devra's clutches her diabolical ploy unfolded. Devra triangulated Heidi against Harrison and commanded her to become celibate and never speak to him again, as Devra projected her own dark shadow self on Harrison, stating him to be a manipulating, evil narcissist and con artist. Devra broke Heidi down with her dark arts brainwashing mind control tactics, regularly screaming in her face for hours on end, using confrontational gestalt to induce a traumatic state, forcing total dominance over Heidi; in conjunction with repetition, and power of suggestion for total mind control.

During this time, Devra commanded Heidi to take notes so Heidi could draft a manipulative letter to send to Dr. Julio Williams from Heidi's personal email account. Devra commonly uses anyone she can to do her bidding for her, while she simultaneously uses them to prop herself up as the wannabe enlightened being she pretends to be. Heidi's draft letter was sent to Devra, and Heidi received Devra's masterfully manipulating con-job edit in response. Heidi sent Devra's letter to Dr. Julio Williams as directed. Dr. Julio Williams, did not reply, he dumped Devra West instead and completely withdrew his financial support, cut off her phone line, her vehicle insurance, and removed his name from the board of directors of her non profit church organization.

Heidi was in motion to sign over the Property & Estate to Devra, but was kicked out of Devra's residence and organization instead, due to a restraining order filed on Harrison's behalf, and the judge enforcing that Heidi was not welcome to return to the property. Heidi left completely traumatized and broken, as most spiritual seekers do that cross paths with Rishi Devra Patton West.
