

The Rishi Devra West Investigation

February 16, 2023 · 🌐

Someday in the not too distant future Devra will expire, and nothing will be left of her fake life's work. The made up service, the library, all of the alleged programs and outreach she pretends she does, none of it is real. When she dies her daughter and the rest of the family will finally be free from this psychopath. I can't imagine the trauma of having been raised by this witch and being stuck to help prop her up. Lalita who is brainwashed continues to post Devra's old videos trying to reel in new victims. Lalita was told she would become a global leader and high priestess, that idea obviously took a hold in her mind to be someone important and looked up to.

There is no sponsor of Devra, there is only Devra and Lalita. Devra's daughter made sure she got her name off her mother's institute. Devra sits in the house eating fattening cheese and drinking wine with her little dog that urinates all over the carpet. Devra has no friends, she is a recluse. Like Harvey Weinstein she gets everyone who comes around her to sign non disclosure agreements so they can't bad mouth her when they see she is not a guru. Thankfully Arizona is planning to change this law. Maybe Devra should move back to Montana?

In his book, Robert J. Lifton outlines the "Eight Criteria for Thought Reform":

Milieu Control. This involves the control of information and communication both within the environment and, ultimately, within the individual, resulting in a significant degree of isolation from society at large.

Mystical Manipulation. The manipulation of experiences that appears spontaneous but is, in fact, planned and orchestrated by the group or its leaders to demonstrate divine authority, spiritual advancement, or some exceptional talent or insight that sets the leader and/or group apart from humanity, and that allows a reinterpretation of historical events, scripture, and other experiences. Coincidences and happenstance oddities are interpreted as omens or prophecies.

Demand for Purity. The world is viewed as black and white and the members are constantly exhorted to conform to the ideology of the group and strive for perfection. The induction of guilt and/or shame is a powerful control device used here.

Confession. Sins, as defined by the group, are to be confessed either to a personal monitor or publicly to the group. There is no confidentiality; members' "sins," "attitudes," and "faults" are discussed and exploited by the leaders.

Sacred Science. The group's doctrine or ideology is considered to be the ultimate Truth, beyond all questioning or dispute. Truth is not to be found outside the group. The leader, as the spokesperson for God or all humanity, is likewise above criticism.

Loading the Language. The group interprets or uses words and phrases in new ways so that often the outside world does not understand. This jargon consists of thought-terminating clichés, which serve to alter members' thought processes to conform to the group's way of thinking.

Doctrine over person. Members' personal experiences are subordinated to the sacred science and any contrary experiences must be denied or reinterpreted to fit the ideology of the group.

Dispensing of existence. The group has the prerogative to decide who has the right to exist and who does not. This is usually not literal but means that those in the outside world are not saved, unenlightened, unconscious, and must be converted to the group's ideology. If they do not join the group or are critical of the group, then they must be rejected by the members. Thus, the outside world loses all credibility. In conjunction, should any member leave the group, he or she must be rejected also.

Unwanted Joke of an Old Woman

Spiritual Awakening on Offer: Devra Patton West, formerly known as Deborah Patton, self named and self promulgated as the Rishi of the Western Hemipshere, proclaims herself to be the "resident enlightened master of Sedona." She also claims she is a LIVING RISHI and Sedona's Rishi. One can find her ramblings on her YouTube channel, as she dons white robes in an attempt to give herself an air of superiority and spirituality. Her grift isn't working in Sedona.

For several years, Devra has been conducting barely attended spiritual events both in her rented houses which she renames the Abode of the Masters 🤪 and through online platforms like Facebook. Because Devra can no longer afford grandiose homes she cannot hold in person events.

Devra asserts that she was initially drawn to Sedona in 1990 to establish an "elevated pathway of intensified light." According to her, her ongoing initiatives will soon transform Sedona into the "Western Shambhala," enriching the lives of those dwelling on the "7th-dimensional plane of reality." Devra also claims she will gather 12 souls to become fully enlightened under tutelage, all you need to do is either volunteer to serve her like the true enlightened being she is or have a lot of money you want to "donate" to her to fund her desires to live a lavish lifestyle. Side note she was evicted from Back of Beyond in Sedona and tried to wiggle her way in with the rich people living there- she failed. Sedona is a small town and everyone was alerted to Devra's presence when she first moved in. People are really sick of cult leaders trying to get a foothold in Sedona!
Note to failed cult leaders, Sedona has had enough of your ilk, that's why Devra has one follower in Sedona.

No wonder Satgurus (True Gurus) are not thought of highly in the West. It is people like this unenlightened charlatan that has turned people against them. \$50,000 a day to be with her? You could not PAY ME \$100,000 to spend even one hour in her demonic presence.

Devra West is unwelcome in Sedona, Arizona. She claimed Sedona leaders welcomed her with open arms; no leader acknowledged Devra in Sedona. Devra is a legend in her own mind.

Her Royal Highness, the Rishi of the Western Hemisphere Devra Patton West, reject of Sedona, Scottsdale, Colorado, and Montanna, would greatly appreciate your wisdom of generosity because you are a soul of substance and one of the few who lead the many! Please send Devra \$500,000 to become a Golden Flame Omni Benefactor. Our common philosophy combines the old and the new. We are pioneers of contemporary sacred living that fosters a sense of personal responsibility and collective guardianship for our planet and its diversity of peoples, at the same time we are indeed subject to our own humanity in all of its contradictions and wonderments. As a fellowship of like-minded souls, we are an international community who call Sedona our spiritual home. We are from all walks of life and spiritual traditions seeking higher consciousness and the authentic spirituality of direct experience. We are fortunate to be blessed with a Living Rishi in our midst who exemplifies partnership with the divine, as the learning environment behind all of our endeavors. To join in the mission to create inter-relationships of "sovereignty and sanctity" is to break entirely new ground. We accept this time of change and new possibility with courage and humility. Ultimately, it is enlightenment and only enlightenment that offers the final resolution. This, above all, is our commitment.

A splendid sight to behold for those whose lives were ruined by Devra Patton West, aka Debbie West, aka self-titled Rishi of the Western Hemisphere. Devra wants you to know she is a very important person, an enlightened master gracing our planet with her presence. Therefore, to be with her, you should fork over your life savings for her meditation techniques! This will bring you to the 4th stage of enlightenment, lol.

From self-proclaimed 'master teacher' to declaring herself a 'living Rishi of the western hemisphere' – Devra West's audacious transformation attempts to elevate her to a divine status. Devra looks to extract cash from people she calls 'Souls of Substance' Let's remember, Devra is just a person; she isn't an enlightened being. In fact she has a criminal record! 🌟 #RealityCheck #StayGrounded #sedona #CultAwareness #devrawest #scams #spiritualfraud #grifter #darkpsychology #sedonacults #cults #spiritualabuse #narcissist

Maybe she will get a clue. Comically she brags she has no friends, as if this is a good thing. Yes, Devra is a true psychopath.
